

CSLM20

JBL Commercial CSLM20 Omnidirectional Lavalier Microphone

JBL Commercial CSLM20 is an omnidirectional lavalier microphone with earphone. It comes with a windshield, a tie-clip, and a carry pouch. Its comfortable earphone makes it ideal for monitoring. So whether you're recording your next hit YouTube cover or make an Instagram video, you can monitor your content easily. The earphone also makes it an ideal mic for work-from-home professionals as it's perfect for video & conference calls. Compatible with most smartphones, laptops, PC/Mac, and tablets.

Hands-free, Stress-free

The CSLM20 is a clip-on omnidirectional lavalier. Easy to clip at multiple angles, it provides great flexibility to content creators and presenters.

Creativity, Loud and Clear

With features such as outstanding speech clarity and a 360 degree omnidirectional audio pick-up, the JBL Commercial CSLM20 is compatible with smartphones, laptops, PC/Mac, and tablets.

Find Your True Sound

Whether you're recording your next hit YouTube cover or making an Instagram video, monitor your sound easily. The earphone also makes it an ideal mic for work-from-home professionals for conference calls.
